

Retractacast Posts

TELESCOPIC BOLLARDS

The bollards2u range of retractacast bollards provides all the aesthetic and traditional features you would expect from these popular urban stalwarts, with the added option to have them disappear completely under ground when not required.

Our retractacast posts are a secure and cost effective method of lining pavements, protecting premises and vehicles and controlling access. Utilised around the world as street furniture, on garage forecourts, car parks, shop fronts and as ATM protection, telescopic bollards are a true deterrent against crime and are also aesthetically pleasing.

- Fully telescopic
- Integral high security locks
- Gravity operated Lid
- The only truly 100% Serviceable Security Bollard
